CONSENT FOR TREATMENT

I am requesting voluntary admission to the Partial Hospital Program or Intensive Outpatient. I understand that as a voluntary patient, I can choose to discontinue the program at any time for any reason. However, program staff strongly encourages patients to discuss their intention to leave the program prior to making the final decision. I have received a Patient Handbook, which includes patient rights and responsibilities, as well as the programs grievance procedure. I understand that I may go to any clinical staff member if I have questions or concerns about any of my rights or responsibilities. The risks and benefits of the Program have been fully explained to me and I am choosing to participate in the program, being fully aware of these risks and benefits.

I have received a copy of the following documents (check all documents given to the patient):

 <p>TELEMEDICINE APPOINTMENT INFORMED CONSENT FORM</p>	Patient Name
	DOB
	MRN

Telepsychiatry uses two-way communication through audio and video equipment to provide mental health services to you at a distance. Telepsychiatry allows you and staff at different locations to interact and provide care without the need to travel long distance.

Expected Benefits

Telepsychiatry can be a benefit to you, when on-site services are not available because of the distance, location, time of day, or availability of resources. Some benefits to Telepsychiatry are:

- Improved access to care
- Improved coordination of care
- Timely services
- Improved treatment of care

Potential Risks

There are possible risks with the use of telepsychiatry. These risks could include:

- Delays in treatment due to equipment failure
- Poor picture and delays in the video
- Potential data transmission problems that happen in very rare instances, but could lead to a breach of your information
- A lack of information that might be available in a face to face visit but not in a Telepsychiatry session may result in errors in medical judgment

You have the right to:

If you choose to participate in Telepsychiatry services, you are given additional Client Rights including being informed of:

- What trained staff will be available to you and providing you services at the distant site and who can help in an emergency.
- How the Telepsychiatry equipment works and the purpose of videoconferencing technology.
- Who is in the room at each location during the Telepsychiatry session
- Your opportunity to decide about who will be in the room with you during telepsychiatry sessions, as well as the right to ask non-medical personnel to leave the room at any time if not needed for safety concerns.

Failure of Transmission

In the event your session is dropped as a result of transmission or equipment failure someone from the office will contact you. We would need to be sure that any alternative contact methods are encrypted and secure. This may mean a follow up in-person appointment or an additional telepsychiatry session to complete the appointment.

I understand this service is not the same as a direct provider visit, because I will not be in the same room as the provider performing the service. Parts of my treatment which involve physical tests/examinations such as taking my vital signs and blood pressure will not be completed. I understand that my telepsychiatry provider will be my local provider I would normally see in the office setting. Also,

**TELEMEDICINE APPOINTMENT

- I have the right to refuse or withdraw my consent to telepsychiatry sessions at any time, without affecting my right to future care or treatment.
- I understand this is temporary due to the recent COVID19 state and federal restrictions put in place.
- If my provider decides my health care can no longer be managed through telepsychiatry, services may be discontinued. Other options for my care will be discussed with me.
- Telepsychiatry sessions shall not be recorded without my consent.
- Written medical information and telepsychiatry sessions are kept confidential the same as in-person medical records.
- I agree to allow individuals other than my provider and remote provider to be present during my telepsychiatry service to operate the video equipment, if necessary. Also, if additional persons are needed for safety concerns, then my permission may not be needed.

☐ We have read the Telepsychiatry consent form to the patient/legal guardian and we witnessed the consent of telepsychiatry through the Four Winds Partial and/or Intensive Outpatient Program. The patient/family has had an opportunity to ask questions which I've answered to the best of my knowledge.

Hixny Electronic Data Access Consent Form Four Winds

In this Consent Form, you can choose whether to allow Four Winds to obtain access to your medical records through a computer network operated by the Healthcare Information Xchange of New York (Hixny), which is part of a statewide computer network. This can help collect the medical records you have in different places where you get health care, and make them available electronically to our office.

You may use this Consent Form to decide whether or not to allow Four Winds to see and obtain access to your electronic health records in this way. You can give consent or deny consent, and this form may be filled out now or at a later date. **Your choice will not affect your ability to get medical care or health insurance coverage. Your choice to give or to deny consent may not be the basis for denial of health services.**

If you check the **"I GIVE CONSENT"** box below, you are saying "Yes, Four Winds's staff involved in my care may see and get access to all of my medical records through Hixny."

If you check the **"I DENY CONSENT"** box below, you are saying "No, Four Winds may not be given access to my medical records through Hixny for any purpose."

Hixny is a not-for-profit organization. It shares information about people's health electronically and securely to improve the quality of health care services.

Please carefully read the information on both pages of this form before making your decision.

You have two choices:

- ☐ **I GIVE CONSENT for Four Winds to access ALL of my medical records through Hixny in connection with providing me any health care services, including emergency care.**

- ☐ **I DENY CONSENT for Four Winds to access my medical records through Hixny for any purpose, *even in a medical emergency*. Unless you check this box, New York State law allows medical providers treating you in an emergency to get access to your medical records, including records that are available through Hixny.**

Four Winds Hospitals is a two hospital system comprised of both Four Winds Westchester and Saratoga inpatient hospitals, partial hospitalization programs, and intensive outpatient programs. I understand authorizing this disclosure applies to both hospitals at every level of care. I understand that a separate authorization form is not needed to exchange protected health information between both hospitals at every level of care for the purposes of treatment, payment, and operations.

I understand that I have the right to revoke this authorization at any time, by submitting a revocation in writing to the Medical Records Department. The revocation will not apply to information that has already been released in response to this authorization. I also understand that the revocation will not apply to my insurance company when the law provides my insurer with the right to contest a claim under my policy. This authorization will expire in one year from the date of the signature below and may be used until such time for either a one-time release or periodic release of information.

If the disclosure is for educational purposes, I understand that the recipient may be my child's home school district, any school within the home school district, and a school that my child attends which is funded by the home school district. Disclosure to any other school or educational entity requires a separate authorization.

I understand that authorizing the disclosure of this information is voluntary. I understand that I can refuse to sign this authorization and that my refusal to sign will not affect my ability to obtain treatment. I understand that I have a right to receive a copy of this authorization. I understand that any disclosure of information carries with it the potential for an unauthorized re-disclosure by the recipient, and the information may not be protected by the federal privacy rules or by New York law.

If I am authorizing the release of HIV-related information, the recipient is prohibited from re-disclosing such information without my authorization unless permitted to do so under federal or state law.
