

Four Winds HOSPITAL UPDATE

April 2020

Thank You Heroes!

Four Winds took a moment to let our staff know how much we appreciate their dedication, compassion and hard work in this difficult time. We are grateful.

Four Winds Partial Hospital program is able to deliver remote services in our Adolescent Telehealth Program that runs M-F, 1:30 p.m. - 4:30 p.m. Telehealth will provide continuity of care for patients who are able to be in an outpatient setting. In addition to the Partial Program that has started, we are accepting referrals for a second Adolescent Program that will begin Monday, April 27, 2020 and runs M-F, 9:00 a.m. – 12:00 noon. Both programs are DBT informed programs. For further information and to view the program schedules, please visit our website at https://www.fourwindshospital.com/about_four_winds/westchester/adolescent_partial_treatment.html

The health and safety of our patients and staff is our highest priority. We have screening procedures in place for all patients and staff

which follow the directions of both the Centers for Disease Control and NYS Department of Health for healthcare providers. You can visit our website at www.fourwindshospital.com for more information. Our website now has a special section dedicated to COVID-19 address any concerns family or patients may have.

We want to remind you that Emergency Rooms are still urging those without acute medical emergencies to stay away. If you know someone who is experiencing a mental health crisis and is in need of a psychiatric assessment you can call Four Winds directly. You do not need to go through an emergency room. Our Inpatient programs are accepting Children, Adolescents and Adults directly at **1-800-524-6624 or 914-763-8151**.
