## Four Winds Hospital Celebrates “Heroes Day”

Since the start of the COVID 19 pandemic Four Winds staff have shown themselves to be true heroes, coming in to work while all the world had been told to stay in their homes. The patients that we treat at Four Winds need mental health support and they need our heroes for that.

On June 12, 2020, Four Winds held a day-long celebration of our staff replete with food, gifts and a video that showed appreciation for the hard work done on a daily basis. We all wrote our shout-outs to each other on paper Superhero Capes that were displayed for all to see.

We are so thankful for the many hands that provide for our patients... our HEROES.
